Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Tuesday 03 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Sunshine and showers.

This Evening and Tonight:
Scattered showers, some heavy over eastern parts of England, fading through the evening to leave clear spells and some mist or fog patches later. Cloudier in the far north-west with some rain later.

Wednesday:
Cloudier skies across Northern Ireland and western Scotland with rain, then showers, some heavy later. Elsewhere, a fine start with plenty of sunshine, but scattered showers developing through the day.

Outlook for Thursday to Saturday:
Showers eastern areas Thursday ahead of organised bands of heavy showers spreading from the west. Heavy thundery showers across most areas Friday and Saturday, turning drier in the southwest later.
